About This Game

LOGistICAL 2: Vampires is a large open-world, strategy, puzzle game where you transport different cargoes to complete all the towns and businesses throughout the country.

LOGistICAL 2: Vampires is slightly different to the current LOGistICAL line up. The principle is the same, deliver stuff, but now you have to beat the vampire invasion at the same time. There will be various methods to push back the invasion, but you had better keep an eye out all the time.

... including Vampires, Churches, Cemeteries and many other interesting places.

Each LOGistICAL module has many unique things to do. In LOGistICAL 2: Vampires you can:

- Complete certain "businesses" to help hold back vampires

-
- Have to redo businesses if vampires come back
 - Set up "spirit" blockages to keep the vampires at bay
 - Fix roads to towns, businesses and throughout the complex road system.
 - Upgrade minor roads to enable 8 ton, 20 ton and much larger trucks to traverse.
 - Roads to towns and businesses are all of the highest quality, so don't need upgrading.
 - Find some of the industries throughout the map. Upgrade them so you can build your own.
 - Complete enough businesses and they will build industries for you with the "Business Industry Cycle" (BIC).
 - Incomplete towns will allow an industry to be built. Once the town is complete you can build more.
 - Over 150 industry types.
 - Businesses don't consume resources.
 - Unlock towns by completing surrounding businesses.
 - Businesses now have a static score this is not based on trucks sizes or amounts.
 - Complete businesses to gain truck boosts.
 - Truck boosts include a super speed multiplier.

LOGistICAL Summary

The whole game is a huge puzzle while each town is its own little piece of puzzling. There are thousands of town and businesses to complete.

Plenty of towns are easy enough. Some take complex planning. Do them in your own order. Get bonuses for completing regions and contracts.

Some cargoes are easy to get. Others you have to create in industries. Use existing industries and build your own.

The further you get from the start the more strategies you have to use.

Boost up your trucks with bonuses. Last truck delivering gets the bonus.

The towns, roads and map are to scale. Current or historical industry placement. It is very educational as well as entertaining.

There Is Plenty More to Keep You On Your toes.

Towns consume the cargoes you are trying to get to completion.

Big trucks are great for moving lots of stuff, but can't travel everywhere.

There are lots of broken roads that need deliveries.

Upgrade the industries for better exponential throughput.

Cargo stores can sure come in handy.

What! I can't take my big trucks across the water on a ferry.

... and what is with those quarantine checkpoints?

Complete towns, roads, industries, contracts, regions and states for lots of in-game and Steam achievements.

LOGistICAL 2: Vampires continues version 2 of the LOGistICAL puzzle family. The map has been enhanced and the towns are everywhere plus many other new functions.
